

Morning Anchorman Brings Hope To California Drivers

As Seen on NBC Morning Show - Station KMIR6, Ticket Busters President Steve Miller is interviewed by Anchorman Steve Schill on how his ticket-fighting service helps California drivers reduce or eliminate ticket fines.

“ You have a money back guarantee, and right away when I saw that, I said 'what have I got to lose' basically! ”

Schill was so pleased with the service that he wanted to share this information with his viewers so that they could get their California traffic and speeding tickets dismissed as well. In the four and a half minute interview Schill stated "Because you did such a wonderful job for me, I wanted to offer the same services to our viewing audience." He went on to say "You have a money back guarantee, and right away when I saw that, I said 'what have I got to lose' basically!" Ticket Busters (ticketbust.com) service is a no lose proposition. For \$100 fee (plus \$149 document processing fee) clients do not have to go to court or traffic school. Ticket Busters (ticketbust.com) offers a money-back guarantee if their ticket is not fully dismissed (subject to terms and conditions).

Westlake Village, CA (PRWeb via PRWeb) March 11, 2008 -- When Palm Springs morning anchorman, Steve Schill got two traffic tickets, he turned to the services of Ticket Busters (ticketbust.com) and was so pleased with the services, he invited the President of Ticket Busters to be interviewed about their service. Schill recently got a speeding ticket and a red light camera ticket and needed help to get these dismissed or at least reduced. Previously, Schill would simply pay the citation and receive the points on his driving record as well as an inflated insurance premium. This time, however, he did not agree with the ticket and wanted to fight his traffic ticket. Schill sought out the help of TicketBusters (ticketbust.com) to help teach him how to beat a traffic ticket.

Ticket Busters (ticketbust.com) is a document processing and filing service that files documents on behalf of their customers to assist them in getting a traffic ticket dismissed. They do this by filing a Trial by Declaration, a legal process to contest a traffic violation in California. Ticket Busters handles all the paperwork and submits these documents on their client's behalf so that they don't have to appear in court. In many cases, the tickets are dismissed and Ticket Busters' (ticketbust.com) clients do not receive points on their driving record, nor do they have an increase in their insurance premium.
